RE: The establishment of a Center for Texas Beaches and Shores
at TAMUG in Galveston

Dear Pat:

I am writing to solicit your help in making the above referenced proposal on the establishment of a "Center for Texas Beaches and Shores" at TAMUG a reality. I would be very appreciative of any comments, changes, editing and/or deletions that you may have for finalizing this proposal.

The above referenced draft proposal has also been sent to out-of-State peer reviewers for comments (please see P. 15 of the proposal). I shall share their reviews with you as I receive them.

Under your leadership, from the passage of S.B. 1571 to the demonstration projects in Galveston, 1989-1990 have been very creative and productive years. It has been a pleasure to work with you on CZM matters in Texas. I am looking forward to the continued cooperation and interaction with you as the CZM plan in Texas develops with ever increasing momentum.

With my warmest personal greetings for the holiday deason.

Sincerely,

Y.H. Wang, PhD & PE
Professor
