INTRODUCTION

This collection of papers of Frank G. Malik documents some of his career as a chemical engineer with Mobil Oil Company in Beaumont, his service in the Naval Reserve, 8th District, New Orleans, LA , and as a leader and organizer of Boy Scouts at the Longfellow School in Beaumont, Texas. The Williams library received the collection as a gift.

Malik was born on October 1, 1917 and died on July 21 1995. The papers in this collection document his life in Beaumont, Texas. He worked for Mobil Oil Corporation as a project engineer at the Beaumont refinery. Addresses on journals show Malik living at 190 E. Circuit Drive, Beaumont, TX until 1955. At that time, a change of address shows his residence to be 3420 Durwood, Beaumont, TX. The Longfellow School where he worked with various Boy Scout troops was at 3395 Harrison Avenue in Beaumont. It was built in 1950. The school subsequently became known as the Wellbanks School and since 1986 has housed the Beaumont Independent School District administration building.

The collection is open for research by appointment. Materials are in English. Please contact the archivist in charge regarding the photocopying policy for this collection. When citing the collection, the following is suggested:
